#### THE ORIGINAL DIET

The Original Diel is the diet that nurtures mankind and keeps the balanced condition of human beings with all beings in the universe. Because this balance is seriously damaged, today's human beings are lacing alk kinds of problems in their physical bodies as well as in the environment. We recognize the dire need of helping all to understand the problems and to start rectifying them by restoring the balance within ourselves first. Only when we achieve harmony within ourselves, can the environment then achieve the same.

### Totonno's Pizzeria Napolitano

At Totonno's, we're proud to be part of a heritage of exceptional pizza-making. Our legacy began in 1905, when Anthony "Totonno" Pero distinguished himself as one of New York's first "Master Pizzaiollo's." In 1924, Totonno opened his own Pizzeria in Coney Island, using only the finest tomatoes imported directly from Italy, and handmade mozzarella and dough that was never more than a few hours old.

Today, "Totomio's Pizzeria Napolitano" still stands in Coney Island and is the oldest, continuously working Pizzeria in the United States- operated by a family proud to have passed on its secret recipes, as well as the art of making "Master Pizzas," from generation to

This tradition continues in our flagship Manhattan Restaurant. Here you'll find Joel Ciminiers, third generation Pizzaiollo, hovering over our traditional coal-burning brick oven, making Pizza the exact same way, and with the exact same ingredients that "Totonno" Pero did almost 100 years ago.

In recent years, some of the most esteemed food critics from across the country have acclaimed our Pizza "the best in the world." We think you'll agree...
